MINE ARENA 1.0

National Level Hackathon

NOVEMBER
13 - 14, 2026

PRIZE POOL
₹75,000

VENUE:
SSM CULTURAL HALL
BIET CAMPUS, DAVANGERE

About the Hackathon

MINEARENA 1.0
National-Level 24-Hour Hackathon

Innovate. Build. Transform.

MINEARENA 1.0 is a national-level, 24-hour hackathon envisioned as a platform for innovation, collaboration, and technology-driven problem-solving. Bringing together passionate students, aspiring developers, creative thinkers, and emerging innovators from across the country, MINEARENA 1.0 aims to transform ideas into impactful solutions through an intensive and exciting innovation experience.

Designed to encourage creativity, technical excellence, and entrepreneurial thinking, MINDFORGE challenges participants to identify real world problems, develop innovative solutions, and build working prototypes within 24 hours. The event fosters teamwork, critical thinking, rapid prototyping, and the practical application of emerging technologies in a competitive yet collaborative environment.

With exciting challenges, engaging technical experiences, attractive cash prizes, and rewarding opportunities for participants, MineArena 1.0 aspires to create a vibrant ecosystem where talent meets opportunity. Beyond competition, it provides a platform for students to showcase their capabilities, exchange knowledge, connect with like minded innovators, and gain exposure to industry oriented problem solving.

OUR OBJECTIVES

- Innovation & Problem-Solving: Encourage the development of creative, technology-driven solutions to real-world challenges.
- Technical Excellence: Promote hands-on learning, rapid prototyping, and the application of emerging technologies.
- Collaboration & Networking: Bring together talented minds from diverse institutions and technical backgrounds.
- Entrepreneurial Thinking: Inspire participants to transform promising ideas into scalable, impactful solutions.
- Industry–Academia Engagement: Create opportunities for meaningful interaction between students, academia, and industry.

AN OPPORTUNITY TO MAKE AN IMPACT

MINEARENA 1.0 offers a dynamic platform for organizations to engage with emerging talent, encourage innovation, and contribute to the development of future ready problem solvers. Through industry participation and sponsorship, the event aims to strengthen the connection between academic innovation and real world technological needs.

WHY PARTNER WITH MINEARENA?

- Turn Your Support into Opportunity
- MINEARENA 1.0 offers organizations an opportunity to support emerging talent, engage with student innovators, and contribute to an environment built around practical problem solving and technological advancement.
- By partnering with MINEARENA 1.0, organizations can strengthen their visibility among students, showcase their technologies, engage with potential future employees, and support innovation at the academic level.

- **WHAT OUR INDUSTRY PARTNERS GAIN**

01. Brand Visibility

- Build brand awareness through event promotions, approved digital creatives, event signage, stage branding, and other sponsorship deliverables corresponding to the selected package.

02. Access to Emerging Talent

- Connect with aspiring engineers, developers, designers, and problem-solvers. Engage with participants and explore potential internship or recruitment opportunities.

03. Technology and Product Awareness

- Introduce your company's products, platforms, APIs, developer tools, or technologies through demonstrations, technical sessions, and challenge-based engagement, subject to event arrangements.

04. Direct Student Engagement

- Interact with participants through mentoring, judging, technical talks, networking sessions, or a company showcase, depending on the agreed sponsorship package.

05. Innovation and Challenge Sponsorship

- Support a problem statement, technology track, or special prize that aligns with your organization's technical interests and innovation priorities.

06. Industry–Academia Collaboration

- Contribute to experiential learning by connecting academic talent with industry perspectives, current technology practices, and real-world challenges.
- A PARTNERSHIP WITH PURPOSE
- Your sponsorship helps create opportunities for students to learn, experiment, collaborate, and build. Together, MINEARENA 1.0 and its industry partners can help bridge the gap between academic learning and practical technological innovation.

Organiser Timeline – MINEARENA 2026

MINEARENA Organiser Process Flow and Timeline

- **October 15:** Registration opens and first-round ideation submissions begin
- **October 30:** Deadline for initial ideation submissions
- **November 5:** Results announced; the top 50 teams are selected for the on-campus round
- **November 5 – 12:** Selected teams complete confirmation and participation-fee payment
- **November 13 – 14:** MINEARENA National-Level 24-Hour Hackathon at BIET Campus, Davangere
